

DAG Quarterly Meeting, August 4, 2022
Welcome! We will begin at the top of the hour.

Today's agenda

- Announcements
- Status of working groups
- Highlight where we are in DG cycle
- Propose a data definition process
 - Group discussion

Announcements

- Annual check-ins with data stewards + teams
- 2022 Horizon Report, Data + Analytics

A group of meerkats standing on a rock, looking in various directions. The meerkats are of various sizes, including adults and pups. They are standing on a dark, textured rock surface. The background is a soft, out-of-focus green and yellow, suggesting a natural habitat. The lighting is bright, highlighting the texture of their fur.

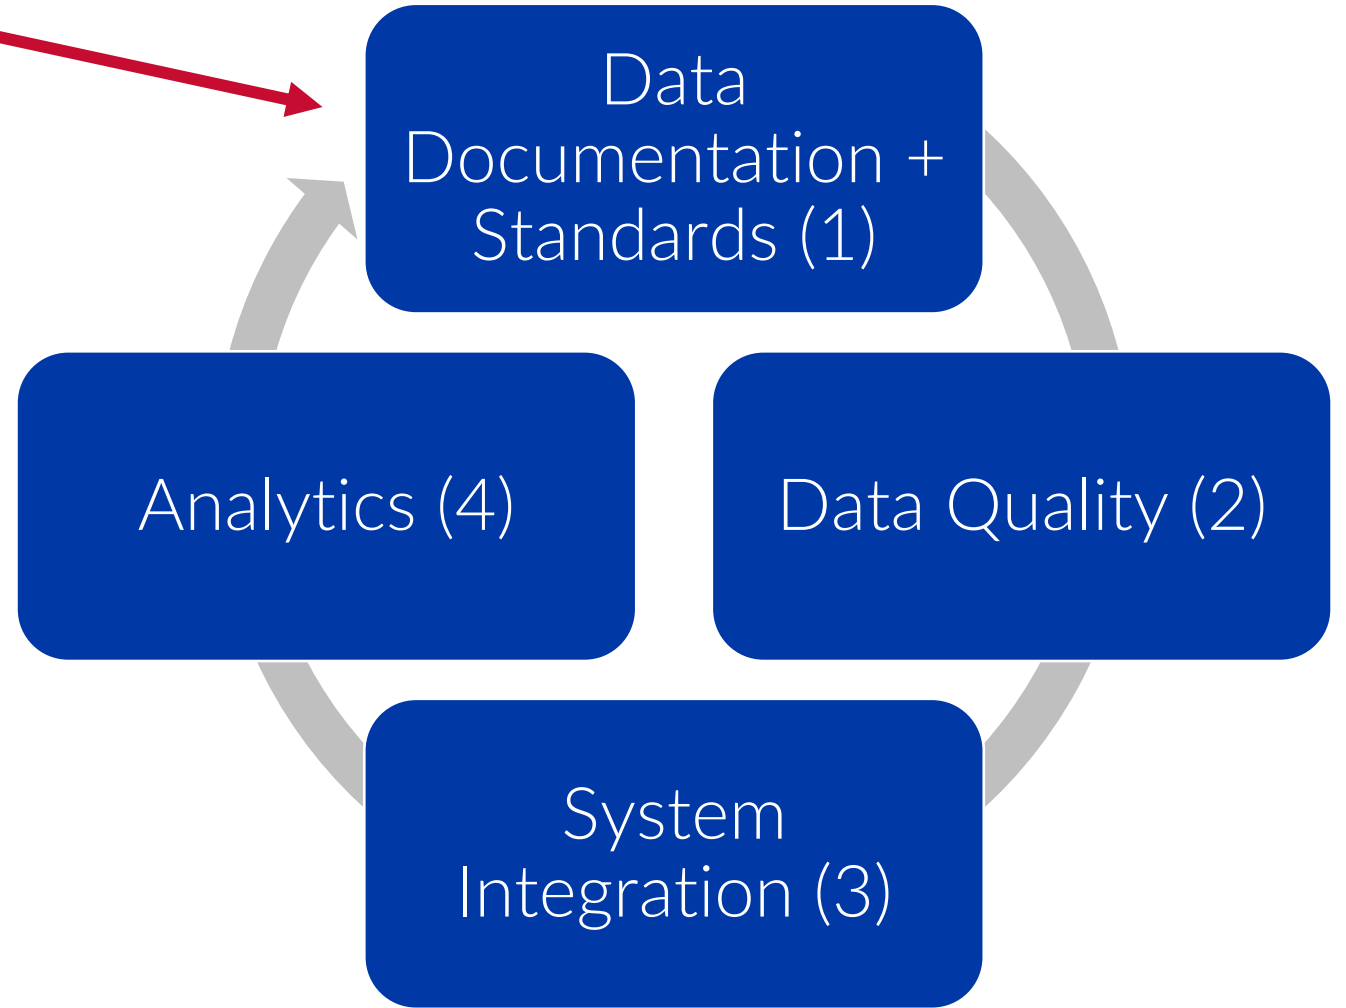

Status of working groups

- Definition-focused working groups
 - Advancement
 - Faculty Affairs
 - Finance + Accounting
 - HR
 - Student Engagement
 - Student Enrollment
 - Space Management
 - URSA
- Centralized location for data system access information

Working groups are here...

Data Governance Cycle

Proposed DAG actions

Discussion questions

- *Pinpoint* (additional) data entities, attributes/elements, + relationships
 - *Prioritize* items for discussion (by working group)
 - *Determine* ownership of the element
 - *Identify* stakeholders - Responsible, Accountable, and should be Consulted and Informed (RACI)
- What entities, attributes, + relationships need to be defined?
 - Structured? Unstructured? Digital assets?
 - What (additional) data elements need to be prioritized?
 - What area(s) owns the element?
 - Others to involve in conversation (for a given element)?

slido

Would you welcome a discussion at the November DAG regarding the development of a data issue log + processes?

ⓘ Start presenting to display the poll results on this slide.

Next DAG - November

- Review data element definition process + results
- Revisit data issue log + relevant processes?
